Shinigami x Doctor

v. 1 2

Ichinose Souma

Research Doctor at Gokurakuen,
Captain of Division I. His request
only has been the lowest since
10000 years ago, so everyone
thinks he only became a
Division Leader because of the
production's carelessness.

「The story so far」

Year 525 M.C. plants have all but disappeared, and there is an abundance of barren land. In this age, an unknown disease has started to spread among humanity. They latch themselves onto humans, suck out their life force, and in exchange for a human life, bloom into an enormous flower. They are called the Shinigami Flowers, or simply the Shinigami. The national hospital, Gokurakuen, dispatches doctors throughout the country to exterminate these flowers to save humanity. Ichinose Souma, Captain of Division I, is hated by his colleagues, but wants to save human lives more than anything. Kitashiro, who was sent to keep an eye on Souma, disliked him at first. However, as they accomplished numerous missions together, he found that Souma faces his patients head on and gradually starts to trust and support him. But then, Kitashiro receives a call from Kajiwara of the Publicity Department, informing him that the Hospital Director has been assassinated! Furthermore, witnesses claimed that the culprit was Souma?

Kitashiro Bombe

Former Secretary to the
Chief of the Service
Bureau. The Hospital
Director pushed him out to
take care of Souma. His
suspense and skilled but
nasty when he becomes
nervous.

Tsubakura Hiyo

Member of Division I
She respects Souma and
knows all his secrets. Her
special skill is healing.
She is a bit of an airhead,
but has a sharp tongue.

Miyata Miyao

Captain of Division 3, a
noble that makes coins
decisions. Belies Souma.
His nickname is Kikori,
or weaver's girl.

Kajiwara Ayumu

News editor of the
Publicity Department of
Gokurakuen. He's childhood
friends with Souma and
understands him.
